

Some kids look forward all year to trick-or-treating in the neighborhood. But what about the kids who can't trick-or-treat because of an illness or medical condition? Your kids can help.

Our school is participating in Trick-or-Treat for Kids Off Their Feet, benefiting Peyton Manning Children's Hospital at St. Vincent: an event where kids collect "treats" for pediatric patients who are unable to trick-or-treat on Halloween night due to an illness, injury, surgery recovery, or frail immune system.

Due to dietary restrictions and limited mobility of patients, we have provided a suggestion list of items for students to collect, including boxed puzzles, books, crayons, board games, and infant toys. All participants will be entered into a drawing to win a Peyton Manning Children's Hospital at St. Vincent prize pack.

Get complete details and download materials at peytonmanning.stvincent.org; or contact Molly Giles in the St. Vincent Foundation at 338-7193 or mmgiles@stvincent.org with any questions.

JOIN THE TEAM OF TRICK-OR-TREATERS WHO GIVE:

- Step 1:** Go to peytonmanning.stvincent.org to download and print Neighborhood Distribution Flyers.
- Step 2:** Distribute flyers to the neighbors your child plans to collect items from.
- Step 3:** Collect items on Halloween night.
- Step 4:** Deliver items to your school collection site by Friday, November 6.
- Step 5:** Complete, tear off and return slip below to school collection site while dropping off collected items to enter drawing to win a Peyton Manning Children's Hospital at St. Vincent prize pack.
